17 September 1970

MEMORANDUM FOR: Chief, Office of Logistics Security Staff

SUBJECT : Security Clearance for the [REDACTED]

1. Preliminary technical investigations have revealed that the [REDACTED] would be an excellent source for development projects in the area of color measurement. Within the next three or four weeks, NPIC will be soliciting bids for a contract to build a special color measuring device and would like the [REDACTED] to bid on this work. This con-

[REDACTED] Confidential. At present, [REDACTED] has no Agency security clearances.

2. [REDACTED] an Agency employee, visited the [REDACTED] on 7 August 1970 and talked with the Vice President of Marketing, [REDACTED]. It was learned that [REDACTED] is a very new company (10 months old) which was formed by three ex- [REDACTED] the [REDACTED] executives: The President of [REDACTED] and Executive Vice-President and Treasurer of [REDACTED] and [REDACTED] presently markets [REDACTED] Recording Spectrophotometer and has made many improvements to this device.

3. It is requested that one or more key employees of [REDACTED] be cleared through Agency Secret, and that a "Secret" storage safe be approved so that this company can be added to the Agency's list of cleared contractors.
